TA1

- Organisation of joint event with other NFDI consortia
- successful submission to the [DFG workshop about industry-academia cooperation](#)
- leaving X on 31.12.2024

TA2

- [Chemotion ELN v1.10.5](#)
- [Chemotion ELN v1.10.4](#)
- [Chemotion ELN v1.10.3](#)

TA3

- RADAR4Chem: [Software Release \(RADAR Version 1.21.1\)](#)
- 4 talks at various events
- submission of contributions to e-Science-Tage and RDA DE Tagung

TA4

- [MARGARITAS published on fairsharing.org](#)
- cooperation with NFDI4Cat on a MICH I Metadata scheme
- first draft of MICH I for UV/VIS experiments
- [converter service test instance](#)

TA5

- presence at 6 conferences
- 6 workshops presential & online
- FAIR4Chem Awardee selected
- New merch (e.g. table covers)
- Column in [Nachrichten aus der Chemie](#) 10/24
- Newsletter frequency will increase to bi-monthly

TA6

- TS: new ontology suggestion feature, contact form implemented, upgrade to ols4
- RSC ontologies: [CHMO migrated to ODK](#)
- Search Service: new info tab
- participation in [NFDI Metadata workshop](#)

Upcoming events/meetings
